

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No genius nor patents prevent making an ideal tire.

But standards come first. Nor in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Workers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the creation of Brunswick direction receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

F. T. Bridges of the vicinity of Scopus was in town last Saturday with a load of fine apples and the printer got in on it for several bushels and Mr. Bridges had his subscription marked up. He also attended the meeting of the Farmers' Mutual Aid society.

Mrs. Deanie Miller

The death angel visited the home of Mr. and Mrs. John Newell on the morning of October 21, and took their youngest daughter, Mrs. Deanie Miller, wife of Jake Miller.

She leaves to mourn her departure a father, mother, husband, 4 brothers, 3 sisters and a host of other relatives and friends.

Her remains were laid to rest in the Myers cemetery.

A FAREWELL

George Elfrink, an enterprising farmer and stockman of the vicinity of Leopold, attended the meeting of the Farmers' Mutual Aid society last Saturday and remembered the printer with an appreciated visit and renewed his subscription to The Press.

Gravelton Flour Mill Sold to C. A. Shetley

The Gravelton flour mill has a new owner. Last week C. A. Shetley of Cedar bought the entire stock and property from Doc Whitener, consideration \$6000.

Mr. Shetley is a well known citizen of Bollinger county, having owned the mill several years ago. Mr. Whitener is a good citizen of Wayne county and has been in business several years.

Mr. and Mrs. Thomas Hartie of Patton, Cal., accompanied by his sister and brother-in-law, Mr. and Mrs. F. B. Clippard, of Laflin, visited at the Snider home here last Saturday. Mr. and Mrs. Hartie have been visiting Mr. and Mrs. F. B. Clippard, and other relatives in the vicinity of Laflin a week or ten days.

The meeting of the Bollinger County Farmers' Mutual Aid society last Saturday was well attended and all seemed to be interested in the proceedings. This has not always been the case, strange to say. When one takes into consideration the amount of money the organization saves to the farmers it ought to be easy to understand why they take interest in the business meetings. In fact it is strange that this interest has not always been manifested.

The readers of this paper will be pleased to hear that there is at least one dredged channel that someone has been able to run in all its depths and that is correct. Channels being greatly influenced by constitutional conditions require constitutional treatment. Harry C. Barnes, Madison, is taken immediately and sent to the Board on the Missouri River, and the Board on the Mississippi River, to determine the location of the dredge, the present strength for building up the constitution and repairing sections to bring up to date.
